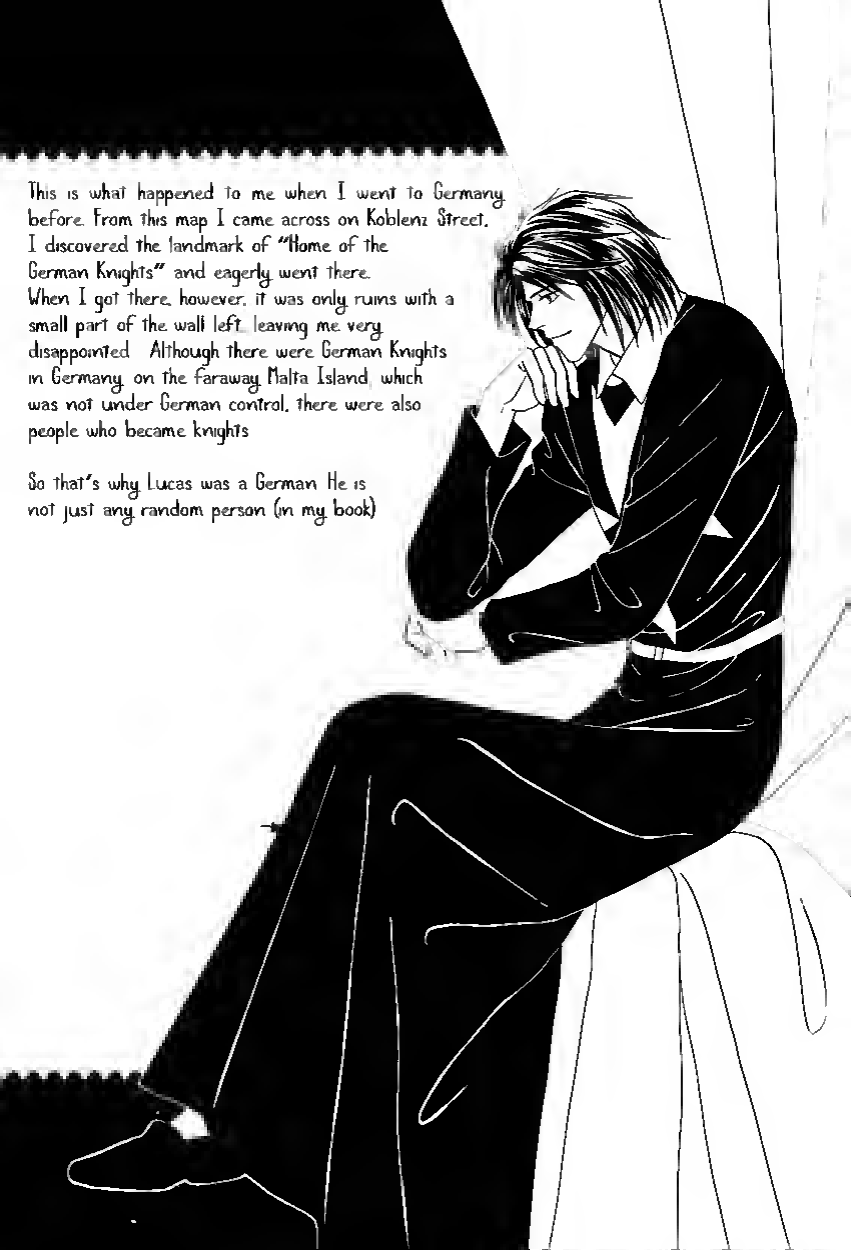
LILA WOLVES

* Knights of St John aka
"Malta Knights"
It still exists in this modern day and age,
as the world's oldest Knights group
Knights of St John,
← Battle Uniform

In the past, that island controlled the destiny of all Europe.
UMI NO KISHIDAN
SEA OF KNIGHTHOOD
LILA WOLVES



This is what happened to me when I went to Germany before. From this map I came across on Koblenz Street, I discovered the landmark of "Home of the German Knights" and eagerly went there. When I got there, however, it was only ruins with a small part of the wall left, leaving me very disappointed. Although there were German Knights in Germany, on the faraway Malta Island, which was not under German control, there were also people who became knights.

So that's why Lucas was a German. He is not just any random person (in my book).

Mrs. Olaw how's your condition today?
Yes, much better. I can get off the bed today..
doctor Lucas
scene. 1
The Arrival of the Angel

Thank you!
I'm very grateful!
Well, take care of yourself.
Mmm... He's sent by God!
Doctor Lucas is so generous!
And he's an intellectual good man.
Mrs Olaw's recovery is all because of her own determination.
I barely did anything.
Contracting this fever that had no apparent cause... the doctors from other places didn't have a clue what to do.
Luckily Doctor Lucas was here.
Yes he is an excellent person!
But he is so kind to us commoners.
and from a noble family, with more than four generations of history.
Being a doctor as well as a Knight of St John
PLEASE GO LOOK AT YOURSELF IN THE MIRROR FIRST!
I know- which is why I want to be a mistress!
Lucas senpai!
...and they have an obligation to remain unmarried for life.
Besides no matter how good Doctor Lucas is
... all the members of Knights of St John are priests.
ROSIE, WHAT GIBBERISH ARE YOU SPOUTING? HE WILL NEVER TAKE ANY NOTICE OF YOU
Oh, really even being a mistress is good enough I just really want to be with such a great person

Sabai,
what is it?
The sick Turkish pirate prisoner is still alive,
so he will be put on trial in a month
Really, that's good... that means...
we are done with our duties.
Yup.
Even if it's a lucky supporter of another cult only Lucas-senpai can perform that kind of operation.
Spilled his guts out
Only waiting for the trial now.
..that man has done so many bad things. No one can save him if he is given the death penalty.
That...
Is almost like all our efforts were for nothing?
Ahhh, that is what a doctor does,
Knights are responsible for fighting with the enemy. but once he's off the battlefield he needs to take care of people even if it is his enemy.
Without this kind of logic and discipline, it won't be a civilized society!
And also,
I noticed it a long time ago.
Your hair if you're going to tie it up like a girl why not just cut it?
Eh? This?
No. it must be like this,
my spirituality is too strong. it'll flow out from my hair.
Which is why i'm telling you to cut it
if I cut it, my accuracy in fortune telling will decrease

That sort of thing is useless, just give it up!
I'm a Knight.
So what if it decreases?
You're a Knight, not a prophet.
not to mention, you're my medical assistant
as well as a prophet
Aw, that's mean. I'm Nostradamus' best student, so I can't give up.
That is actually pretty awesome!
Soon I'll become awesome.
will appear in these pairs of hands.
The past the future
That's right!
The French boy and German boy are friendly?
You guys are from enemy countries, right?
so that's because Nostradamus is your teacher!
The things you predicted are actually quite accurate
R Interesting
Nostradamus-sensei is my homeland France's precious national treasure

T/N Nostradamus, French astronomer prophet

Hi, youngsters,
LILA WOLVES
If you're trading secrets, let Aragon join!
The uncle who caught the pirate.
Haven't seen you in a long time,
where have you been?
Captain Wong!
Ah!
is number one when it comes to defeating pirates!
This time it's not that kind of a boring job!
Because Captain Wong in the Knights..
Spy? Secret investigation?
Direct order from the leader?
I went to Marseille, and returned only now
It was a direct order from the leader Lei Alada.
Calling me an old uncle...
still has such a sharp tongue!
Really the medical saint of Malta Island...

I fought with Archangel Michael.
In Marseille,
Bastard! my opponent was an angel!
If it was a pirate I could have won.
Angels are impossible too quick and light
it's almost as if they are flying.
So, who won?
Well you've worked hard, have some rest!
Once you have had a good rest, you won't be seeing angels when you wake up.
Oh so you don't believe me Hippocrates.
Well you'll believe it when you see it for yourself
My mission's complete.
you're next I think, the leader's looking for you
The leader?
Yes.
you have to go immediately

(T/N: Hippocrates, father of Greek medicine)

You will see the archangel Michael...
...I brought back from Marseille.
Ok...
You will be defeated too!
Oh, yeah, get there safely!
I'm going.
I don't care anymore.
Please be careful!
Lucas-sempai!
The horoscope says that Pisces will encounter a water related disaster today...!
He really did go!
Oh good, he went
horse trotting further away
KATHUM KATHUM KATHUM
Birthday 10th March, Pisces

Let us secretly follow him over there, Sabat

Eh? Why do we need to secretly follow him?

Obviously to watch a good show Do I even need to say that?

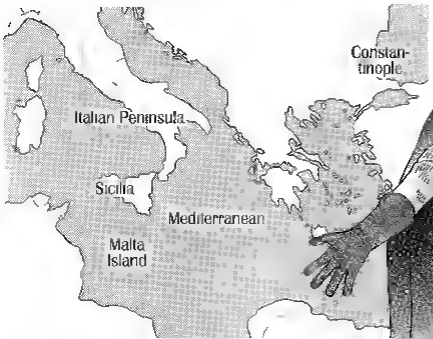
Today the Knights will raise a revolution!

How can I miss this awesome show?

Malta's Knights of St John,
was created as a team of medical Knights
at Jerusalem during the Crusades in 1113
After being defeated by the islamic cult, they escaped to Rhode Island.

Later in another fight with the Ottoman army,
the Knights were evicted from Rhode Island.

In 1530 with a pact with the Holy Roman Empire,
they received Malta island as their land.



In the middle of the 16th century, the Ottoman Turkey Empire flourished under the genius emperor, Sulelman the Magnificent,

on land, their army reached Vienna, deep into the Holy Roman Empire (surrounded Vienna in 1529-1532)

The badge of the Knights is the "Malta Cross", with eight points

...to represent the unity of the eight branches

The Knights are descendents of those with special status (second son and young men of a noble family with at least four generations history)

There are eight branches according to the places of birth:
- France's Ile de France,
- Auvergne,
- Provence,
- Spain's Leon of Castile,
- Aragon, as well as
- England,
- Italy and
- Germany,

a total of eight branches.

Each branch has its own offices, and they are supposed to live together, taking on missions together.

At the same time, they caused headaches for the Knights of St John, who were in charge of protecting and maintaining justice out in the seas (the Mediterranean Sea and surrounding coastlines)

Asians and Europeans, Islam and Catholics,
the fight between Easterners and Westerners ignited a thousand years ago,
and still burns today.

Oh,
Lucas Agar Von Wildesparker,
Sorry to disturb you when you're so busy.
Calling my full name?
Is he plotting something?
No, responding to the Knights' leader's call is a Knights foremost mission.
Eh?
The Leader wanted to find me so quickly because...

Nice to meet you.
Aciel Joan de Fredwill born in Avignon of Provence, 18 years old, just like you
Let me introduce to you the new Knight who arrived today.
The golden hair and jade eyes made brighter by the black uniform,
an absolutely perfect petite, well-structured face
That is surely the result of God putting in 10 times as much effort than He normally does.
STARES
What?
Slender limbs and a straight backbone
Your body is probably the ultimate perfection of the human form.
...
Ah, it's my first time seeing this kind of a body structure.

.....
but what do I get in return for doing that?
I don't care what happens to my corpse
Then how about if I die first, you get to dissect me?
BEAMING
I refuse.
Ah of course
That's right.
but as for what you get in return...
My curiosity might be satisfied.
Please let me dissect you.
If you die before me,

Um...
What about

flowers?
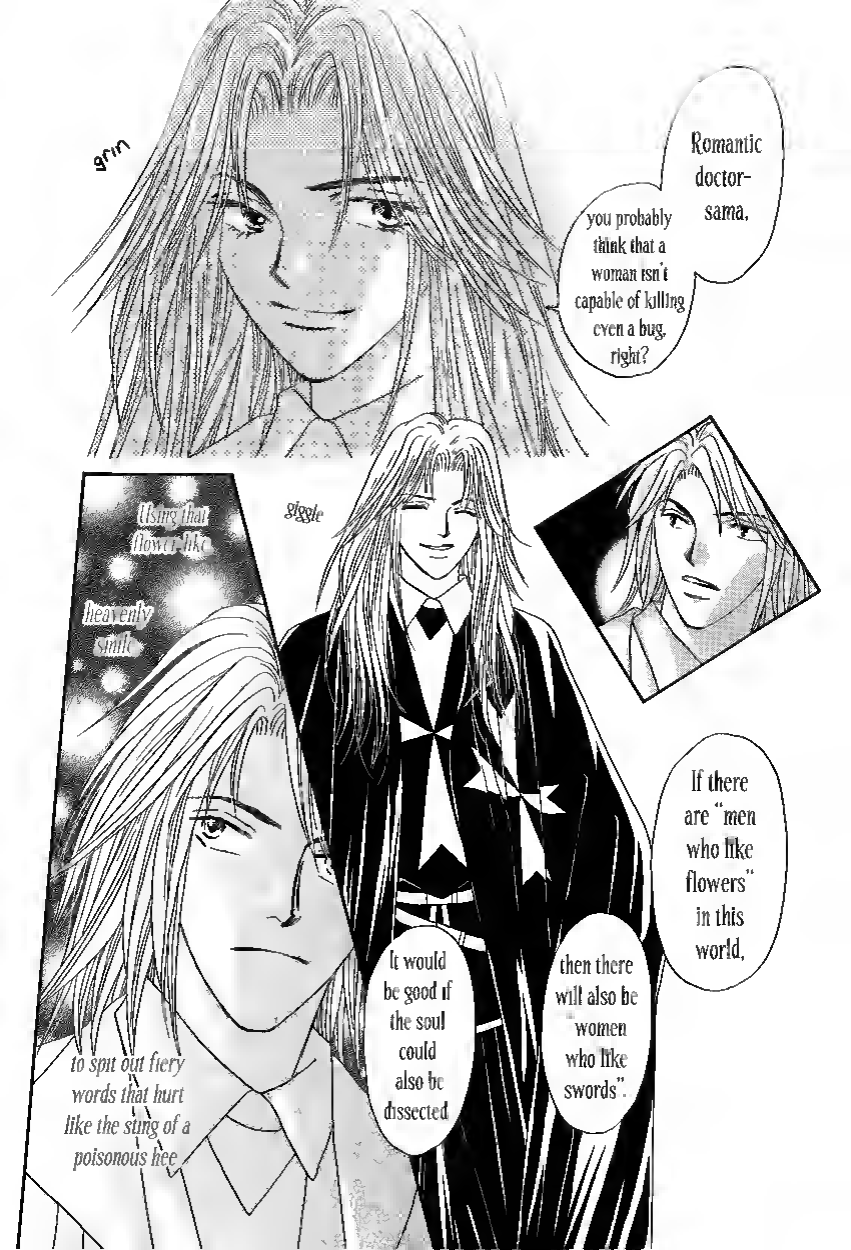
The tombs of Knights buried on this island.
Doctor?
Oh yes, Knights of St. John were originally medical Knights, right?
It's because Lucas is a doctor...ahh, he's a bit strange, but he's a man gifted both academically and physically.
Let's change topics!
Err...
Black hair, black eyes, looks quite smart, but has weird hobbies.
And he's a Romantic.
He's obviously a German, but he's a Romantic?
Mmm...
Does he like corpses?
Does he want to dissect me that much?
I'll just agree!
Um..
That feels fine, right?

Yup if we have a chance to... ...however..
If you're interested, I can teach you about medicine when I'm free from missions.
On this small island, the hospital that Knights run is believed to have the number one medical techniques and equipment in Europe.
Our main work is still medicine!
My interest right now is to kill enemies on the battlefield.
I can understand your feelings.
Ah, wait a minute, Aciel.
Hurry!
I remember someone describing him as Archangel Michael..
Very fier ce.
But you're a girl!
Please hurry up and decide.
Tomorrow or the day after?
When will the order to attack be issued?
Leader

Team Zica needs your help to release the next chapters - lilawolves.blogspot.com



grin
Romantic doctor-sama,
you probably think that a woman isn't capable of killing even a bug, right?
giggle
If there are "men who like flowers" in this world,
then there will also be "women who like swords".
It would be good if the soul could also be dissected
Using that flower-like
heavenly smile
to spit out fiery words that hurt like the sting of a poisonous bee

I don't have any sexist intentions.
But the Knights are based on strict rules.
Lucas is quite calm. Already regaining his stand.
Please don't misunderstand, listen to my explanation.
The first rule clearly states that only males can enter the Knights.
I'm surprised that the leader broke these rules himself.
This woman... what a personality!
Talking to me so aggressively,
is it to see my reaction?
Saying such effective words, means she's quite intelligent,
even if I took offence at her words and started to argue with her,
she still has absolute confidence that she won't lose
LUNA WOLVES

If the leader let females into the Knights due to some specific reason,
personally, I have no issues.
I'll finish talking quickly.
then I'll leave.
It's just that other people's opinions won't be the same as mine,
so with you, a girl, joining us, I think that a bit of chaos is to be expected!
Isn't it okay if I duelled with the opposing Knights?
Either sword-fighting or archery is okay.
as long as I'm stronger they won't dare to voice any issues against me
You want to duel all the opposing Knights?
Too rash.
Even if you're confident of your skills, there is still a disadvantage when fighting with men
Ahh, it's your choice whether or not to duel.
Solemn Expression
I've said what I needed to say,
so...
Good, finished!
So this is why the leader called me here?
If it is, then please excuse me.
Hey, Hey!
quickly turning
Wait, Lucas!
the main thing I want to say is still left
I'm escaping!

But right now we Knights of St. John...
really need Aciel!
I understand your confusion...
If the other knights hear of this they'll probably be even more hysterical
He he..
You'll feel the same in another month.
:
Oh
And so...
I actually called you here to ask a favour.
Favor?
Bad Feeling
Before Aciel can settle into the Knights,
can you please...
let Aciel live with you?
I'm under your guidance.

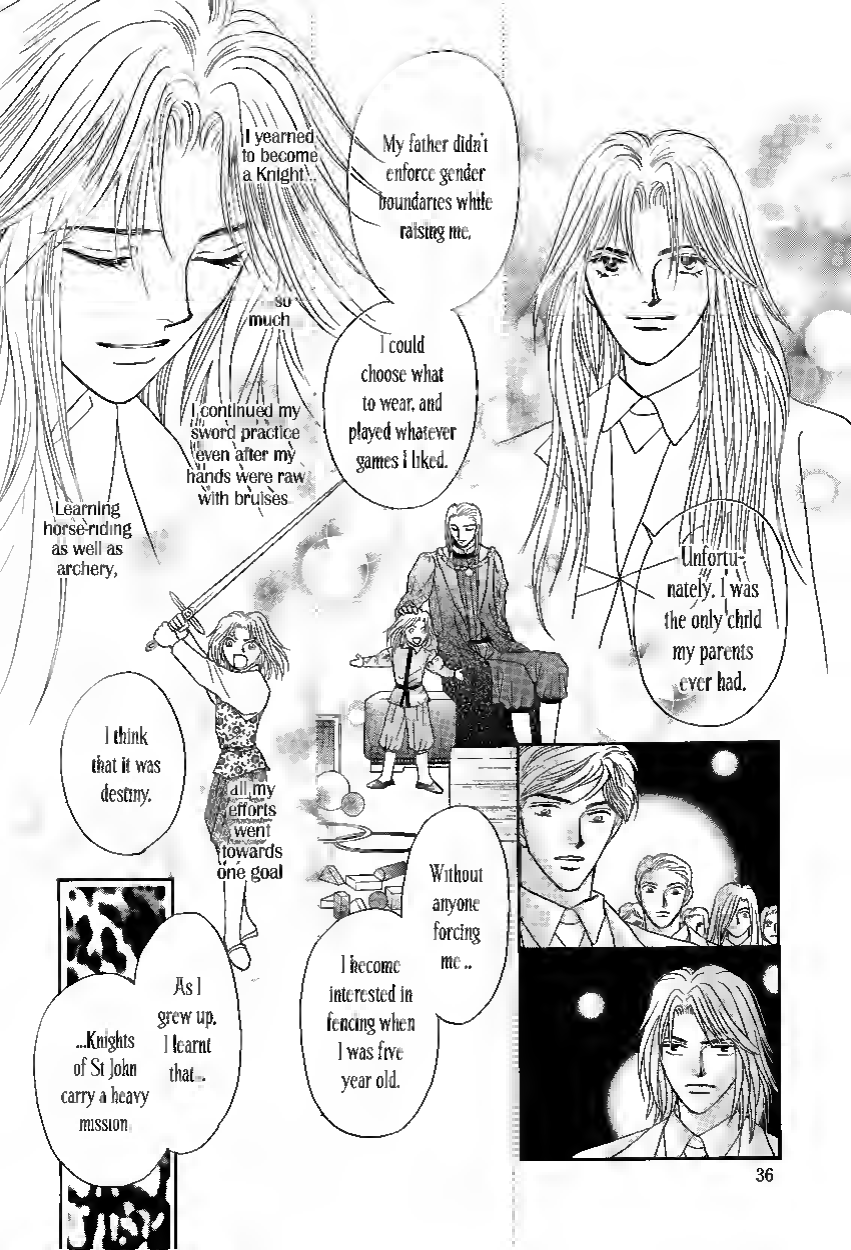
!!
My father was a Knight on Malta Island in his youth.
But due to the death of the older son, he could only return home crying to continue his family business.
My father loved the Knights, and it was his dream to see his son as a fellow Knight.
She
She's the "woman" who wants to become a Knight?
What.. what a beautiful lady!



I yearned to become a Knight...
so much
My father didn't enforce gender boundaries while raising me,
I could choose what to wear, and played whatever games I liked.
I continued my sword practice even after my hands were raw with bruises
Learning horse-riding as well as archery,
Unfortunately, I was the only child my parents ever had.
I think that it was destiny.
all my efforts went towards one goal
Without anyone forcing me..
I become interested in fencing when I was five year old.
As I grew up, I learnt that...
...Knights of St John carry a heavy mission

Smooth voice...
without shaking...
...calm like the surface of water when ther's no wind...
...letting everyone hear her words loud and clear...
Except from the fact that I'm a woman...
with my determined heart and skills that I honed for many years. I don't think I'll lose to you
So tell me...
...even if that means abandoning my Marquis status.
I wanted to ...
...throw myself into this mission...
That is to protect the Mediterranean Sea from Turkey...
...so that their homeland is not invaded by other cults.
And the other goal is...
Revenge
what should I do...
A piercingly cold aura sweeps out...
...from this fine perfection of human forms...

so that I can...
...be your ally?

Team Zica needs your help to release the next chapters - lilawolves.blogspot.com

That sincere attitude made every Knight present look inside themselves.

The males born from good rich families...

...only because they're not the oldest and can't inherit the family business..

...relegated to a second place, coming to this island for the identity of a Knight,

How many people here...

...will have a determination as strong as hers?

Very good!

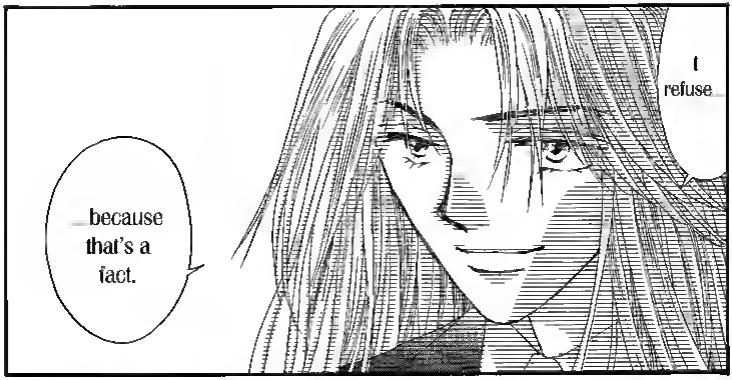
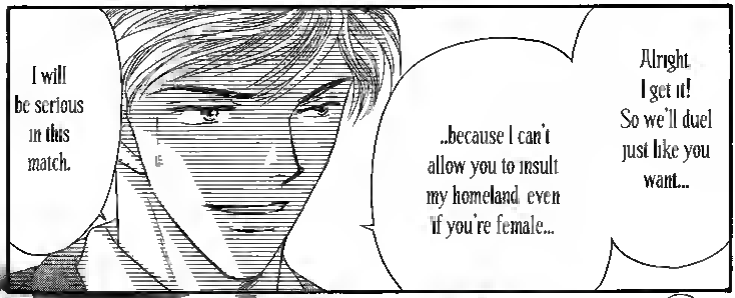
I didn't bring my medical kit...
How awful...
Despite everything, I have the pride and values of a gentleman..
and fighting with women is a discourteous thing...
so there's no way I can be serious towards a female opponent.
What?
Still got issues?

Is that a coward...
SFX: VEIN POP
...trying to find an excuse to escape this match?
you can just say that "you weren't serious", right?
"Can't be serious towards female opponents"
meaning that if we duel, even if you lose.
The English are quite clever!
Miss.
has a bad personality!
You can insult me.
..but I can't allow you to insult the people of my homeland
Please take back what you sayed.
This girl!



I refuse
because that's a fact.



I will be serious in this match.
..because I can't allow you to insult my homeland even if you're female...
Alright I get it! So we'll duel just like you want...

What's happening?
I heard it's a duel..
...between two Knights!
Come on, let's go see!
it seems serious!
Eh... why?
Him again!
Eh... the beautiful Knight!
The other one looks good too
Doesn't look like an ordinary human!
Augustan really is angry, at this rate...
..this will turn into a big event
If you want to stop it, stop it now
Eh?

You're worring for Aciel?
Of course!

You didn't lose in front of everyone.
Really, I feel embarrassed everytime I think about it.
Captain Juan is lucky!
I lost to Aciel in Marseille as well!
Don't be so depressed, Augustine.
These are all Aciel's luggage?
What a frightening amount!
The ones remaining in the storage area
Are these...?
The truth is you want to go right!
How can I do such an impolite thing to a lady.
Then...
You wouldn't go to Aciel's welcoming party?
What are you saying?
I'm a gentleman!
Okay, then let's take the luggage to Aciel first!

My dearest Mother,
I've arrived safely at Malta Island.
Really huge house
Under the recommendation of the Knights' leader,
I'm living at the house of a German Knight, who's as old as me.
He's a Knight as well as a doctor.
Looks like I'll get lost
He's from the Bavarian noble house of Wittelsbacher
He's a bit weird.
Eh? Aciel
He wanted to dissect me the first time he saw me, and seemed very passionate about research.
Not only that,
rustle

Unexpectedly suited
black hair, black eyes and that Turkish outfit, exactly looks like a follower of another cult.
He's obviously a Catholic priest Knight,
yet he's wearing a Turkish outfit
Why are you still wearing the uniform?
Didn't you see in your room the clothes I lent to you?
His faith isn't strong enough...
I'm more comfortable in this.
Really?
This is what I mean by...
It's okay...
Does it go against...?
At odds?
Hmm...
You should have immediately rejected it, right?
You still have to think?
Then isn't that at odds with the dress code of Knights of St. John?
Black is the colour of the group!
If I wore all black, then it'll look depressing,
like funeral clothes.

Hey, It doesn't matter.
You're a doctor anyway.
Looks like... He is a man who is absorbed in worldly affairs.
Ahh, maybe because I pulled him into the sea,
that's why he went a little crazy!
It is at odds, true, but I'm a Knight of St John...
Why is it like this?
Aciel, black suits you well!
Ah?
That beautiful golden hair
on a black material,
is ever more striking.
It's meaningful to be in the Knights.
Mm, but.
If I had to say it in Italian, then I'd call you...
...a Cavalieri Knight.

O/N: Cavalieri = knight in Italian, that's what it said in Japanese original raw. :P

You were probably-
destined to be a Knight of St. John!
Mother
Why did you speak in Italian just now?
You're obviously a German.
Obviously
Ah I was just mimicking my Italian friend
it's nothing special
But he's,
a good guy
He didn't reject me
and accepted me as a fellow Knight

And
Lucas' best trait
Is perhaps this generosity
Hey, Lucas,
Aciel.
We got Aciel's luggage from the port!
Hi good evening.
Darn . mum added another pile...
Captain Juan
Did you bring your whole house?
It's pretty heavy!
Sorry Captain Juan, Augustine
For a middle-aged person like you, more exercise is good

Also... here.
It's okay since I'm already finished with my jobs for today
Thank you Augustine sorry for having bothered you
Ha ha
Because you're 10 years older than me.
Who is middle-aged? I'm only 28
RUSTLE

What is that?
That Augus-tine…

I BROUGHT MALTA ISLAND'S LOCAL SPECIALITY! HONEY BALLS FOR YOU!
WEL-COME TO KNIGHTS!
YAHOO, ACIEL!

She's the one who beat Augustine of England Branch!
Um.
Who would've thought she's so beautiful in real life!
Too good!
so they all came...
Everyone wanted to join the welcoming party
Oh! oh! that's the legendary...
Archangel Michael!
Lawrence!
Louie
Ac Actually

Cheers!
For our Archangel Michael!
That's my nick name?
Archangel Michael?
Biggest disgrace of my life
So Sad.
Okay. since everyone's here.
Let's begin the party!
Please eat and drink to your heart's content!
Everything's ready Lucas-sama!

THIS IS THE WORST...
Why is it like this?
There are a bunch of Knights outside
If it's like this,
IN BOX
John!
Yes Lucas-sama.
Move Aciel's luggage into the room now!
!!
Augustine is so brave
he's obviously the student manager-
It's only a nickname.
glance
Augustine?
Aciel.
Can you come for a bit?
Oh!
!!
ESCAPING IS IMPOSSIBLE!
!

It's not strange

Ariel is a girl.

She is a rare beauty in terms of her looks and body

and,

But,

We're priests!

We can't get married

Can those two really be together?

Augustine,

is in love with Ariel...?

Putting a beautiful girl in a group of males,

is bound to problematic.

...but

The leader said something like that...

We the Knights of St John,

really need Ariel!

That kind of selfish parenting...I absolutely hate it.
Poor Aciel...
got forced into thinking she needs to be able to use a sword
Victim of her parents selfish way of thinking...
Aciel's father was a Knight of St John,
and hoped for his child to become Knights as well...
Father didn't apply the gender boundaries when raising me.
Without anyone forcing me,
I became interested in fencing."
does that mean they did raise her like a boy?
Eh?
That's right
Seventh strongest?
I wanted you to know
Though it's weird calling myself this,
that's saying, it's not me who is too weak, but you are too strong...
don't see me like that, but I got this title at the Knights...
Er... I'm not vengeful at losing to you...
I know you're strong.
Don't worry
The more I say...
I'm gonna embarrass myself...

GRINS
Then,
..who is first?
My goal is,
To become the strongest Knight.
...
Eh?
SFX: THUD!
ズムッ
That's done!
Very heavy luggage.
Yes. do you think.
Miss Ariel is very pretty?
Being able to work here is the best.
A-greed!
Too pretty. even the girls are constantly screaming!
...
SFX: THUD!
ズムッ

Lucas-senpai!
ah..
Can't open it
no good!

Saba!?
What? Aren't you on shift? Skipping to join the party?
はあはあ
No, that's not it,
This is bad!!
SFX HAAAA
My interest right now is to kill enemies on the battlefield
I have someone I want to hide this from
But the one you want to kill is my patient!
!!
What do we do? Do we ask for more help?
Even the night guards tonight are searching for him.
No ..wait!
This
His wounds are still deep so I don't think he will be able to make it very far
But we can't find him
Eh?!
The criminal escaped?

Stop the party!
Tell everyone to join in the search from the door!
Understood!
This must be kept from her!
Fir..
First?
what are you planning..
You.. asking this.
That's right
Tell me
Is this some sort of scheme?
It just seems interesting!
Really really want to escape!
Ah~~~
I feel like a mouse cornered by a cat
Shoot!
Er.. this..
How should I say.. actually we don't have a first.
got a bad feeling.

Team Zica Credits- *Fro helped to Typeset!* Thank you for making such a fast and good work!

Two people are first!

!!

Equal in strength

I'm fifth

So there's no outcome.

just saying

One of them isn't here

The other.

is him!

Everyone.

We have to wake up early tomorrow so tonight's party is coming to an end.

OH!

This makes everything even more exciting!
Idiot!
That's kind of bad Captain Juan.
Augustine Captain Juan
About time to go...
I heard that you're strong ♡
...
Ah?
Sorry, Lucas
What will happen tonight?
Idiot!

Eh? The prisoner escaped?
That's how it is!
We have to find him quickly.
Every-one help!
Che. searching for an escapee on this interesting night!
It's the pirate you caught. Captain Juan.
The trial was pushed back be-cause of he was still severely wounded.
If not for the talented surgeon Lucas. he would have died already.
Ah ..it's too late to regret it now
That talented surgeon is in troubles now!
That's right,
Who do you think is stronger between Ariel and Lucas?
EFX : STOM STOMP
You're not reflecting on your behaviour at all..

My reply is I refuse!
Why?
No reason.
I'm not accepting that!
There's no purpose
You're a Knight, right?
Training with other Knights, is very common, right?
No need. You're already very strong.
want to be the strongest!

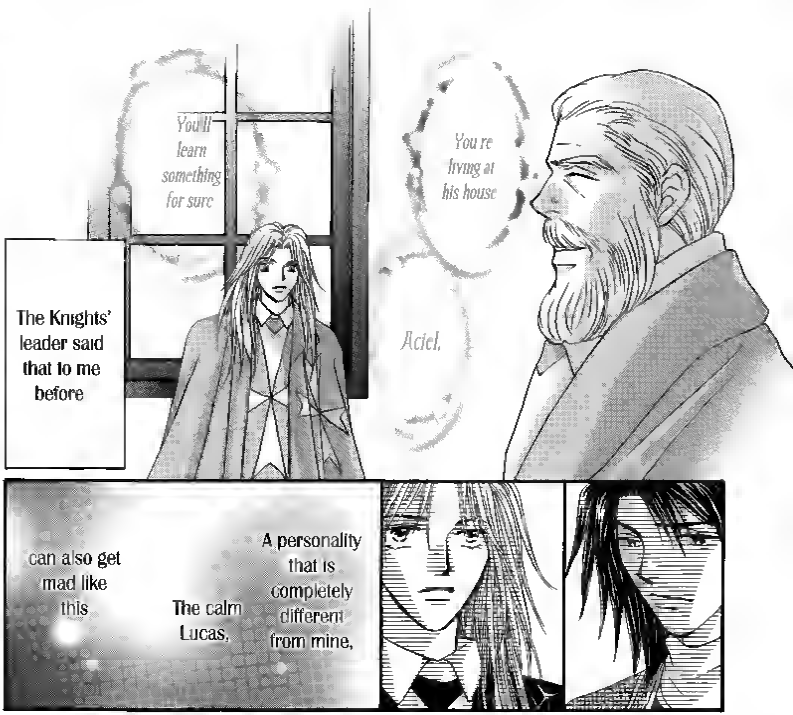
The sword is not only my life, my honour,
it's also
my only friend.
starting from when I was five,
Like you pursuing the top medical skills,
I also want the top sword skills.
That,
Is not a purpose?
Only friend?

SFX: GRAB!

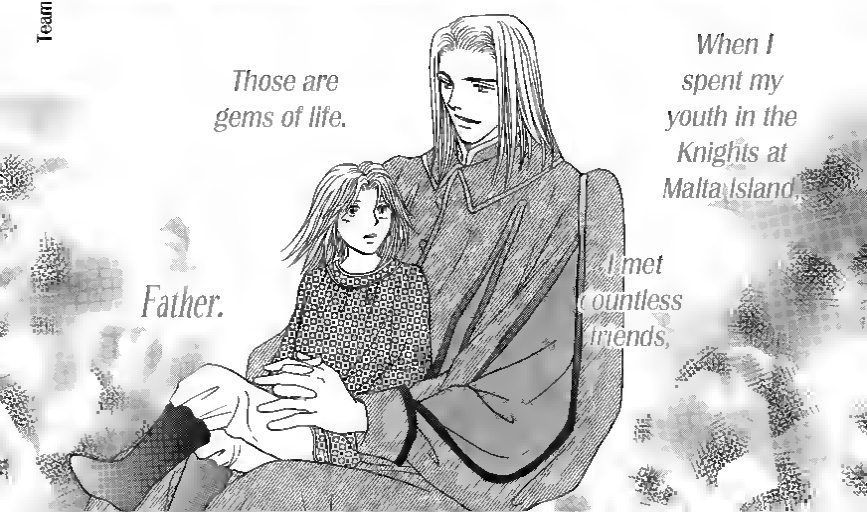
What,
am I to you?
!!
Your landlord?
If my sword skills are not strong, then you have no interest towards me?
..Lucas..
is only
Your behaviour moved me.
I want to be your friend.
Looks like you don't know it, but

The other Knights approve of you as their companion,
respecting your sword skills and ideals!
Everyone sees you as a friend,
But you don't even care one bit!
Friend!..
What do you really want, Aciel?
After winning against everyone and becoming the strongest,
you want to end up being all alone?
That's a man named Lucas.
Although you're the same age,
His personality is completely different
therefore

Team Zica Credits **Lun Checked Quality!** Thank you for being available to make rushed work!



You'll learn something for sure
The Knights' leader said that to me before
You're living at his house
Aciel,
can also get mad like this
The calm Lucas,
A personality that is completely different from mine,



Someday,
You too will find your gem, Aciel.
Suddenly I remember,
my father's words
..ouch.
!?
!!
Ah ..sorry
SFX. SCATTER
Because I never had a friend.
To be truthfully speaking, I don't really know how to socialise with people
I never had a friend before.
Accidentally exploded, not good.
...
There were no children around my age nearby either.
My father was my only opponent during sword practice
and I don't have any siblings.
!!

It's not that I don't have an interest in you.
But,
I thought about many things about you
Like how you're a weird guy
an atheist and so on
...
also how you wanted to dissect me, but
I think Turkish clothes suit you.
And, I think your best trait is,
gene-rosity

A sincere expression...
Like a baby's.
My father used to say...
generous people...
are the strongest.

Tell me,
what should I do...
to become your ally?
Same as her expression at that time...
Unforgettable emeralds.
I think, In many ways, I'm not normal.
Strange just as a living thing
Though I never thought of it before
But,

Are you willing to be my friend?

Of course I will!
Hey, Sabal
Does that work?
Quiet!
fortelling with rhabdomancy?
SFX: STOP
It's really there.
Isn't that...

If you kill him, that'll be a problem.
Doc tor...
How can this kind of a person exist.
How can..
...he actually, treat...
a pirate like me...
Un- believ- able..
and...
...risk his life protect- ing me....
This guy...
might be a thief
but he is my patient
You could've died!
You... are... so reck- less....
Stop- ping my. sword?
And,
with his back to a thief with a sword too

How can this kind... of a person exist..
sorry,
I escaped .
Doctor..
But his even better traits are,
Ouch. my hand is numb
His bravery and sense of responsibility.
The good point of this man Lucas,
Really!
Don't try to escape again!
is generosity for sure
SFX: THUD THUD THUD
Ahh
He really is here!
Mother,
It's okay, since I'm a doctor!

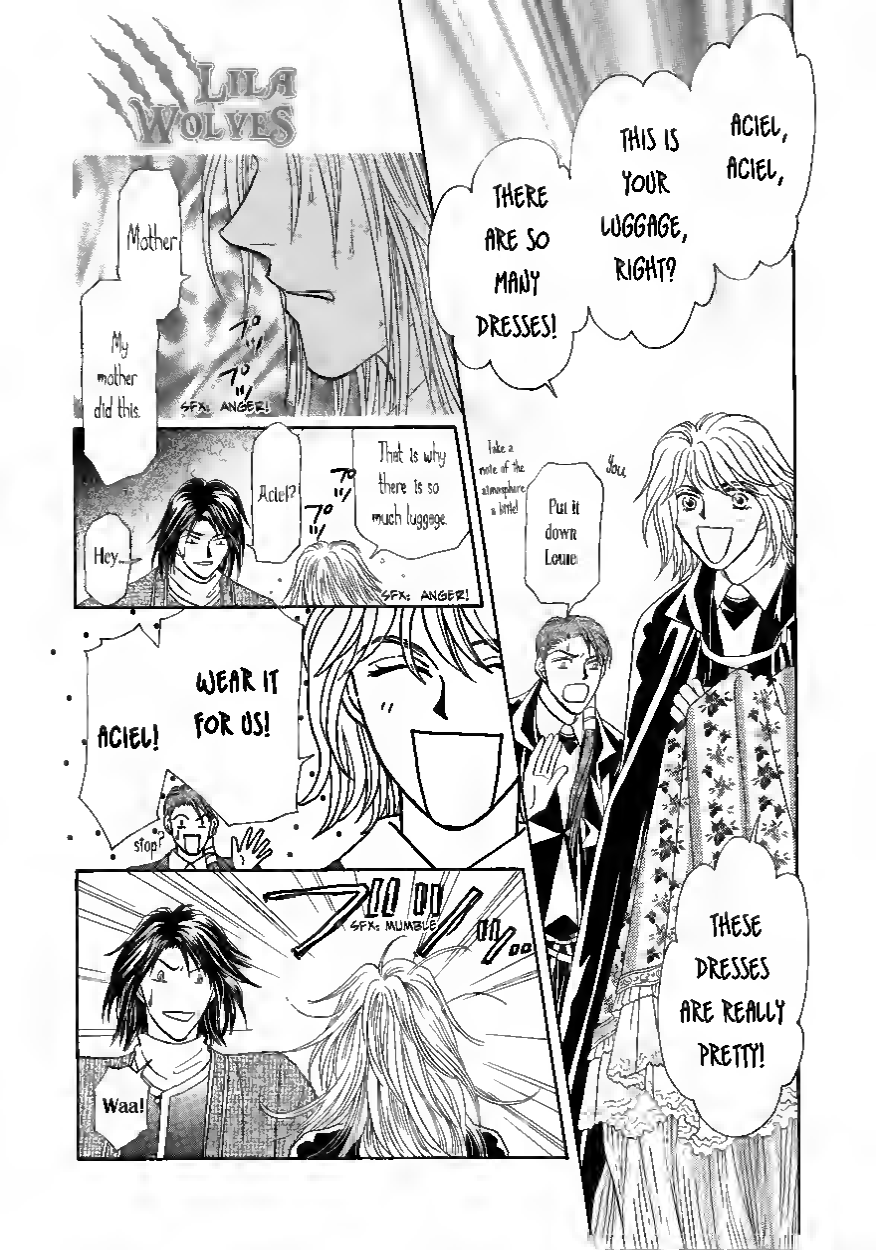
He is a saint doctor,
as well as a respect-able Knight.
Don't worry,
I'll follow you while you heal.
We're friends!
I think your hand will be unusable for awhile.
Ahh.
Your strike is very strong.
Thanks.

How pitiful!
He's staring.
Eh?
Hm?
What is it?
GFX: STARE
Eh?
WOW, REALLY PRETTY DRESSES!!
Wow!
Hey, Loue, that's other people's luggage right?
Lawrence, look, look!



LILA WOLVES
Aciel, Aciel,
This is your luggage, right?
There are so many dresses!
Mother
My mother did this.
SFX: ANGER!
Aciel?
That is why there is so much luggage.
SFX: ANGER!
Hey...
Take a note of the atmosphere a little!
Put it down Louie
You,
Aciel! Wear it for us!
Stop!
SFX: MUMBLE

These dresses are really pretty!

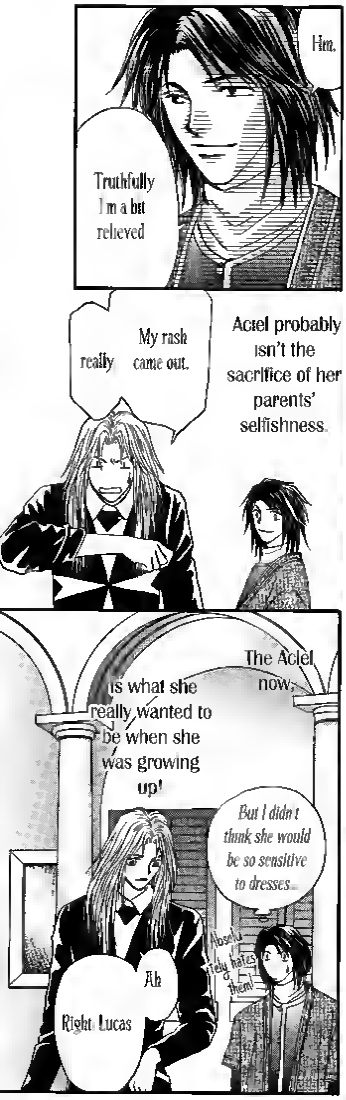
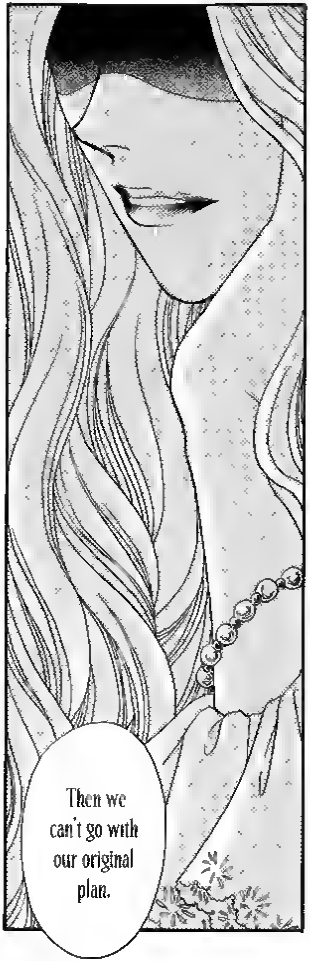
Mistress, mistress,
Miss sent a letter back!
Also..
Alya...
Even said she'll send the dresses back.
Is she going well?
Miss Ariel.
Ah that's very good
She looks like she made a friend
Then what should we do?
Seems like she's pretty happy.
Looks likes she won't be coming home for a while.
That cheeky girl!
Don't worry.
She's fine by the look of the letter.



Him.
Truthfully I'm a bit relieved
My rash really came out.
Aciel probably isn't the sacrifice of her parents' selfishness.
The Aciel now, is what she really wanted to be when she was growing up!
But I didn't think she would be so sensitive to dresses...
Aunt's Tess hates them!
Ah
Right Lucas

Aciel's mother seems to want her to be more like a lady.



Who is...
the one that ties with you as the first in...
swords-manship?
!!
I won't.
It's all over your face.
No, definitely not!
Tell me!
Not telling you.
Eh? Why?
If you knew, you would want to challenge them, right?
Why are you asking such things?
Normally people would want to know

ENOUGH! DON'T ASK THAT UNCLE!!!
Well, then...
I'll ask Captain Juan.
What?!
Hahaha looking forward to it
It's already a disease.
But, he'll still tell.
So strict.
Ignore me?
coo coo
Pigeon post
If you tell her, I'll ignore you.

So easy to attack.
And snoring so loudly...
Sleeping in nude.
Is this really the best swordsman in the Knights of St John?

JUMPS!
Hey!!
Morning Lucas.
It's already 8 o'clock!
Aciel, what are you doing?!

If I was an assassin, you'd already be dead!
Even if you have a night shift at the hospital...
isn't it bad for you to sleep so soundly?
Who would send an assassin just to kill me?
I say, Aciel,
I'm not being sexist, but isn't it bad for a girl to walk into a naked man's room?
It's the 10th day since Aciel arrived to Malta Island, and she's getting restless...
The reason being ..
Hurry!
I'll die from fatigue soon
I'll die
giggle
Since you're awake do morning exercises with me
I'll wait in the central court!
That's not the point, right?
It's not a problem.
I think your body is so scrawny that's it not even worth flaunting.

...is that she has not received any order to move yet.

The Army of Malta

POPULAR!!!
You're all... nearly ready to leave the hospital!
Alllice energetic!
She's pretty today too!
Miss Ariel is the best!
My heart's also beating like crazy!
Miss Ariel please measure my heart rate!
Every time you'd checked rooms with me the atmosphere turned lively
Males, females, young and old were all excited
Though my appearance's like a boy?
That's good
Especially to girls, you're surely like a fairy tale prince
Prince
Really?
Even if you told them you were a girl they still wouldn't change their minds
Instead of saying she's like a boy,
I'd say she looks like an angel who transcends gender
Long golden hair bathed in morning sunlight,
jade eyes as clear as the Sea of Malla Island,
balanced proportions, graceful and supple body
Just a tiny smile is already as beautiful as a myriad of roses blooming in harmony
You wouldn't get tired even if you kept staring.

Ah, this is...
You're always wearing it
What a unique ring.
Looks like it was made with a precious gem.
A green gem, is it Celestine?
Yes, heard that it wards off evil.
My mother gave it to me before my trip to Malta
Lucas, this is for you,
I'll be next to you in my place
Eh?
What's this feeling if I think about it
could this be love?
Like Augustine?
Thus...
Won't it be bad? We are priest Knights who are supposed to remain single for life!

This gem is from my homeland,
It is also half of yours
This is the precious gem from the far-Eastern country Afghanistan.
The tender gaze when thinking of the mother who is far away at home,
for the Knights of St. John who must remain single for life,
the only female who would prompt that gaze would probably be mothers!
SFX: STOMP STOMP
ドカ"
ドカ…
That's why I kept staring at her; this feeling is not love,
besides, Aciel is not treating me like a male…
Lucas, Are you here?
Saying that, then Aciel would probably look similar to her mother!
Hm..
Lucas' mother if I imagine is definitely
a smart and beautiful woman,
with black hair and eyes like yours?

Aciel

Hi.

Captain Juan

Mr. Augustine.

The Knights leader orders all the branch commanders

to go to Eimo Castle for a meeting immediately!

Map of the eight branches according to birthplace

Explanation:

The Knights of St John are separated into eight branches according to their birthplace which the basis for missions. Every branch has their own officers = branch commanders, while the leader of the Knights is the absolute authority above the whole the branches and Knights.

England Branch Vice Commander

Aragon Branch Vice Commander

Under France Branch

Germany Branch Vice Commander

So that means even the vice-commander has to go

Technically this meeting is for the commander and vice-commander for all eight branches.

If you say that we all are!

Eh? Lucas is a vice-commander?

Um.. hm...

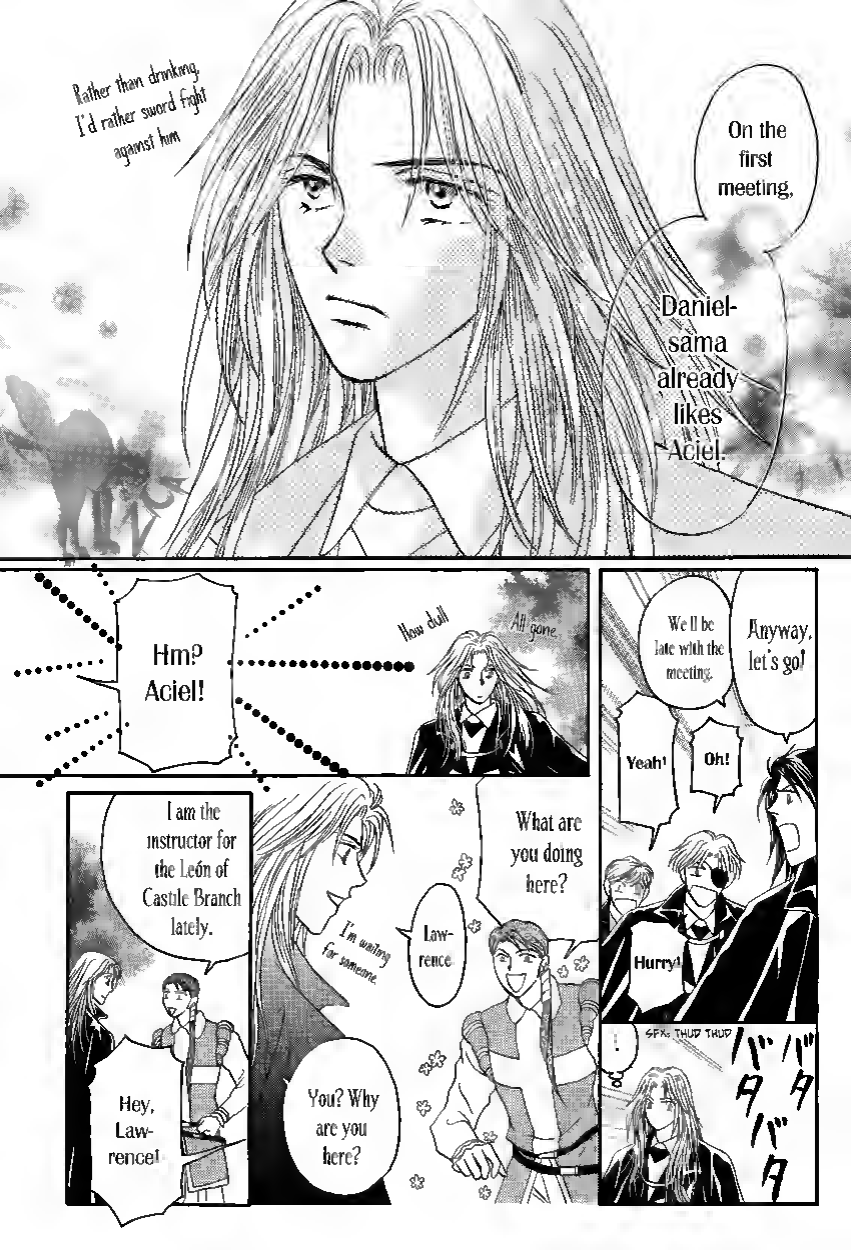
I still haven't been appointed to any job as a Knight yet.
So I'm going to explode soon.
It's been ten days
Eh?
OBVIOUSLY A GIRL .
Can she also. EXPLODE?
Been throwing tantrums lately
Miss Aciel's a fighter
She's so pretty too.
Mi... Miss,
This guy is serious.
But,
You can come
I get it
That's okay, right!
...
then I'll try to direct the topic to that.
Before the meeting finishes you'll wait outside.
I also want to attend this meeting
This is a great chance, when all the branch commanders are gathered
for me to discuss directly with them how they should let me defeat the pirates

Seeing the jealous face of the student manager is interesting.
A bit jealous
Aciel
When did you become so close with Lucas ?
It's a promise, Lucas,
Believe in me
Who equals Lucas in sword-fighting?
Ah, right, Captain Juan,
GULP!
OCAR!
this guy is getting impatient
I just have to find a way to do it...
SATISFIED
Evil Smirk
The threat letter...
is working
Ah, he escaped
だぁーー...
We're going to be late for the meeting, run quickly!
DASH
Elmo Castle

Are you guys treating me like a child...
You can't rush in before I call you
You need to wait here!
Then we're going into the meeting.
From Aragon,
England,
and Germany.
Everyone is inside.
Hurry up!
A woman!?

This child
is the rumoured female Knight?
So that's her, quite pretty.
Actel Joan de Fred-will.
I am under the ile-de-France Branch.
Please listen.. Italy Branch commander.
That "pretty girl"...
is the commander of the Italy Branch?
Oh commander of the Italy Branch
That's not a girl Actel
He's a real man!
Long time no see
We apolo-gise for being late.
Daniel-sama
judge a Knight's ability by their appearance!
Please don't...

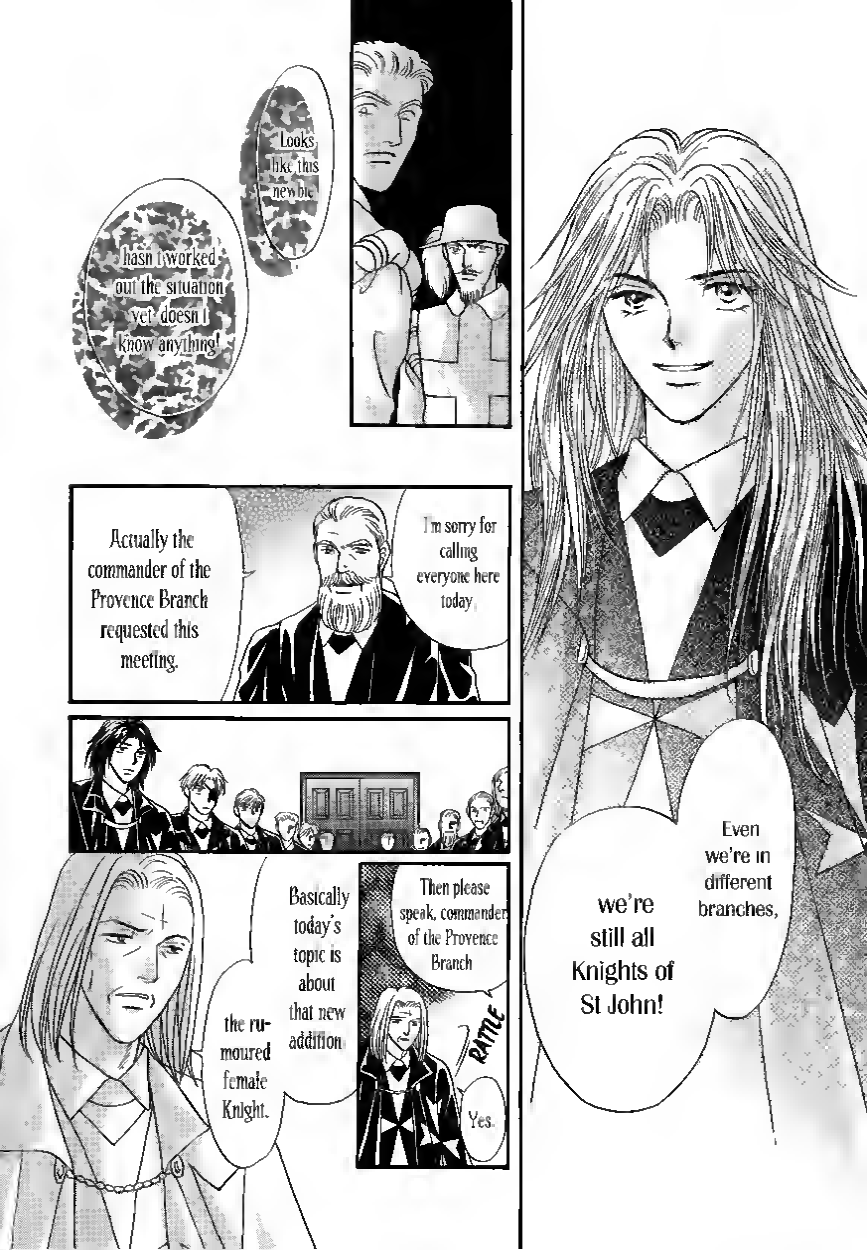
My appearance might suggest otherwise,
But I am a capable Knight,
please give me a chance
Some nerves!
You really are,
very capable.
I understand Aciel
I feel the same about your dislike of being judged on appearance.
We'll talk then!
Let's go drinking next time.
How rare!
Yes!
Rumour has it
Only for trusted subordinates, right?
Daniel-sama rarely invites people out to drink.
I only had dinner
Me too
Has Lucas also been invited?
Eh?
1 or 2 times?
Eh, a few times!



Rather than drinking, I'd rather sword fight against him
On the first meeting,
Daniel-sama already likes Aciel.
Hm? Aciel!
How dull
All gone
Anyway, let's go!
We'll be late with the meeting.
Oh!
Yeah!
Hurry!
SFX: THUD THUD
What are you doing here?
Law-rence
I'm waiting for someone
You? Why are you here?
I am the instructor for the León of Castile Branch lately.
Hey, Law-rence!

The woman who defeated Augustine the vice-commander of England Branch!
She's the one in the rumours.
Team leader!
Ha?
Pleased to meet you
I'm from the Ile-de-France Branch
Aciel Joan de Fredwill
This fragile woman (though very tall) actually defeated Augustine who is ranked seventh in the whole Knights of St John?
Where did that brat come from? Not from our branch, right?
Eh?
Whoa
Get into formation already!!
Sorry, team leader!
GATHERING!
She should be crazy strong!
I heard she's
LECTURING
You..
...
What are you doing?
Hey hey hey
As a Knight...
shouldn't get conceited because you're a little strong...

Don't interrupt our training.
Hurry and leave.
The ones using the central court of Elmo Castle,
should be us, the Ile-de-France Branch!
Today is us, León of Castile...
What?
It shouldn't be!
Another big group came.
Wah, what a bad situation.
CHECKING THE BOOKING
DOUBLE-BOOKED?
Then León of Castile should be first to use.
That isn't up to you! We won't give up the area!
MAKING RACKET
Since it's like that can't you do training together?



Looks like this newbie
hasn't worked out the situation yet, doesn't know anything!
Even we're in different branches,
we're still all Knights of St John!
I'm sorry for calling everyone here today.
Actually the commander of the Provence Branch requested this meeting.
Then please speak, commander of the Provence Branch
RATTLE
Yes.
Basically today's topic is about that new addition
the rumoured female Knight.

however as branch commander,
She is supposed to be a Knight of our Provence Branch.
I don't have the confidence to accept her

So our Provence Branch,

refuses to accept the female Knight.

Every branch has their own styles, so...
Lucas and I are quite close too
Lucas-senpai, Captain Juan and Augustine are exceptions.
Personal feelings and peace are hardly seen in the Knights.
Ariel!
Law-rence?
You don't know but,
there is almost no inter-action between the branches.
Eh? But...
Eh?
SUPER BORING!
Instead of wasting time arguing, everyone should practice swinging the swords together.
If everyone shares their knowledge, isn't it easier to develop better skills?
Training methods are different for everyone.

THIS NEWBIE...
How loud mouthed
I get it.
You're telling us to have a joint practice?
Then please, you must join in.
Okay, no problem.
WAIT, WAIT, NOT SWORD FIGHTING!
WAH,
Eh? She's the one who defeated Augustine ?!
SLIDE...
Today's focus is...
...mara-thon.

If you can't endure the entire race, you can forfeit.
After all you're a delicate female.
50km, never ran that before
And today the sun's too strong it's scorching
I have to try to hide under buildings or in other people's shadows while running!
As long as I keep up with the leader,
I got it.
and then there will be a way if I'm firm enough
Okay, then let's start.
Everyone positions!
Let's work
It's a good chance to teach that woman.
Doesn't matter
Hey, what are you doing?
Is it a trick?
Uh.
In terms of leg strength, I am up the top in the Knights.
Although my sword fighting is average,
Also my endurance absolutely won't fail to hers.
One round in this central court is 500 meters.
Running up to 100 laps.
Running a total of 50 kilometres speed determines victory
A woman with her physical strength can't possibly run a 50 km race

Team Zica Credits *Fro* helpted to type again! Thanks! !And shes a new fan of UnK XD

To be the best Knight.
Ready!
And also for,
my father's name.
SFX. FLIP
SFX: THUD THUD
That's my goal.

What are your thoughts about that?
Leader?
If something was to happen... or if this reaches the emperor's or the French king's ears,
then the Knights will have to disband!
How can we allow a female to join our exclusively male group?
I agree with Provence branch commander's view!
SFX. RACKET
ギャあ
ギャあ
Right, that's too much.
Awful...
Don't even mention capturing pirates,
all the branch commanders in the meeting are trying to kick Aciel out,
and are all pressuring the leader...
ASAI WILL THROW A FIT
that can't be counted as support right?
Please!
Tell us your opinions!
Um...
This!
Leader!
and she's pretty! I like her!
Because she's strong.
Your opinion is different from the others?
Daniel-sama.
I actually want that child to stay.

The most important is...

...this!

That is...

Malta Cross.

The Knights' badge... how's it related?

The eight corners of the Malta Cross represent the eight branches,

and it's our symbol

But these eight corners,

If the diamond in the centre is not linking them

then they will become fragmented.

Leader

Perhaps Aciel is this diamond.

So I especially want her to join us.

Team Zica Credits. *Lun* re-proofed the script. ^^ Thanks for dealing with the odd texts!

That's the team leader's usual trick!
Running with them will only bring defeat...
The kid, you're counting on him to be your second Lawrence.
In the Knights the team leader's leg strength is incomparable

This hm. Aciel
You're a genius.
If you keep to your goal, then maybe you can even change the rules
I'll definitely be stronger than anyone!
I'll be more virtuous than anyone!
I'm more suitable to become a Knight of St John than anyone!
Aciel...
Father
You want to become a Knight of St John?
It's upsetting, only boys can enter
But father,

Team Zica Credits *Eb* helped with the redraws. Thanks for helping Zivere!

In the future, please become a great Knight whom the Knight's leader can depend on!

Lucas...
SFX: TOUCHING
Yeah
You're wrong, the team leader himself want to fight
You'd probably think I picked this fight right?
You must have said something to make him angry, yeah?
You really did overheat.
Take your clothes off and wrap this wet towel around your body.

Why are you standing behind the divider?
Obviously because you're naked!
YOU'RE ASKING ME WHY...
This is of course a

Here drink this lemon water
Doesn't matter it's over already.
You are a doctor anyways.
chuckle
Doesn't matter.
I'm thinking of you, maybe you'd hate it or something.
It's okay, really...?
wave wave
Right. I'm a doctor. this only counts as looking at a nude patient. but
She's truly unique with the dream to become a Knight.
She thinks it's okay for someone to see her naked?
Right. Aciel was okay when she saw me naked
Ah, in front of patients I'm...
Come in!

chuckle
What...

You're the weird one.

This uncle.
THEN,
IT'S OKAY IF I GO IN!!

Skills are also needed.
No, it wasn't enough even if she never gave up.
Her never-give-up awe-inspiring attitude
I can understand the feeling of those youngsters from different branches who've cheered for her.
The old men are already Aciel's fans.

Aciel...

is truly the diamond linking the Malta Cross.

The ninth branch of the Knights of St John,

Knights picked from the eight branches, to become Europe's shield.

The person holding the key to success, is...
Malta's Army.
Aciel.

LET'S GO DRINKING TONIGHT!
TO CELEBRATE ARIEL'S VICTORY,
That's why it's like that.
Therefore Knights are usually expected to keep the rules of humility and purity.
The Knights of St. John are Catholic priest Knights,
So this is it—
This is a pub?
First time to this kind of place? Ariel?
Yeah, because this is not something necessary.
Long time no see.
T/N: It's supposed to be izakaya, which is a type of Japanese drinking place
Brought someone new tonight. take good care of her.
Captain Wong.

All this time, I've been missing this happiness in my life!
Didn't think I was going to drink with such cute people.

"Though she is a undoubtedly a girl, this guy with the goal to become a Knight really is a puzzle." This was how Lucas renewed his judgement
